WOULD ILLEGITIMIZE HIS SON TO AVOID PAYING ALIMONY

Patrick Fox Well-to-Do Contractor, Attacks Validity of Marriage.

Claims Former Marriage of Wife Nullifies It; Son 8 Years Old.

To escape paying alimony and the attorney's fees in a divorce suit instituted by his wife, Patrick Fox, a well-to-do member of the local firm of Fox Brothers, manufacturing plasterers, yesterday made a denial that the marriage of the couple, nine years ago, was legal, a claim which if established would illegitimize his 8-year-old son. He says he married his wife nine years ago, on her assertion that a former marriage she had contracted was void, and that he has never discovered the marriage is not void, but voidable. The matter came up before Judge Church's department of the Superior court yesterday, on motion of the wife, Elizabeth, for counsel fees and alimony. In his sworn answer, Fox alleged that a marriage ceremony performed at Fresno, Cal., July 17, 1914, was invalid, because Mrs. Fox was previously married in March, 1893, at Edmore, Mich., to a man named Harry Green. The wife had stated that this former marriage was void because she was at that time only 15 years of age.

With the marriage in this status the Foxes lived together for nine years. A week ago Mrs. Fox filed suit for divorce on grounds of cruelty. Following this action on her part, Fox sought legal advice on her former marriage, and discovered that the lawyers thought it not void, as Mrs. Fox had said, but voidable. Hence, on this showing, the 1914 marriage was yesterday attacked and the claim for alimony disputed. After sustaining an objection to having Mrs. Fox testify on the stand as to the 1914 marriage, the case being a matter of record, Judge Church reserved his decision on the alimony request until this afternoon, when he will motion to decide in favor of the parent who seeks to illegitimize his offspring under circumstances as here presented in advance of the marital trial.

The child is at present in the custody of the father. Property interests are involved in a house and lots on Diamond street and after the filing of Mrs. Fox's complaint, Attorney L. H. Smith had held up by injunction funds of the plaintiff deposited in the Union National bank, also securing an order to forbid Fox from selling a piano and other personal property at the domicile.

Attorney Smith offered to dismiss the injunction regarding the bank funds if assurances are given that the defendant will abide by any order that the court may make. This assurance was given.

ARTESIAN WELL WATER FOR HANFORD USERS

Hanford Water Company Lets Contract for 1000 Foot Well.

HANFORD, Sept. 22.—A public improvement of great importance to the residents of this city is about to be made by the Hanford water works, namely, the boring of an artesian well on the company property in the northern part of town. The contract has already been let to W. J. Webber. The new well will be sunk to a depth of about 1000 feet, and when completed a four-inch centrifugal pump will be installed. Thus the public will be assured of an adequate amount of water for domestic purposes throughout the long summer months.

About 200 persons listened to an address made in Armory hall last evening by J. Stitt Wilson, Socialist candidate for governor. The speaker waxed eloquent at times, but most of the audience, who had gathered for a social explanation of what Socialism stands for, was received with applause by his listeners. Short talks were made by William Flagg of the State Building Trades Council and W. M. Coward, candidate on the Socialist ticket for Congress from the Sixth district.

Dr. Joseph Regal, state veterinarian, and Archie Dickinson, Kings county deputy live stock inspector, have returned from a tour of inspection of the tick infested ranches of Kings and Fresno counties. They report that the tick is being eradicated, but that more urgent methods should be adopted, namely, that a temporary quarantine should be placed on ranches adjoining the quarantined districts, in cases where, through defective fences, the stock from said ranches are allowed to graze together. They also state that while horses and mules are immune from the fever, yet the tick may be spread by them, and for this reason, the horses and mules, like the cattle, should be disinfectant.

Work is progressing rapidly on the new county hospital at the Kings county fair grounds. The concrete floor is already laid and the walls are up a number of feet.

Drilling has been resumed by the Arizona Oil Company. This work will proceed without delay and it will soon be known whether or not the investors are to be repaid for their reported "hard knocks" by a strike of oil.

POST CARD FAD HITS PEOPLE OF KINGSBURG

Local Pictures Scattered Broadcast; Sime's Petition Completed.

KINGSBURG, Sept. 22.—It has become quite the fad nowadays among Kingsburg people to send out postcards of Kingsburg subjects almost exclusively when sending postcards at all. The idea comes from the fact that the Kingsburg subjects are used on every possible occasion to advertise local propositions. Local dealers have been entering enough to have made a large number of postcards of local interest, and now the people, catching the idea, are using them in large quantities. In this way it is expected that Kingsburg and community will receive an immense amount of substantial advertising.

A. C. Combs, of Selma, was in town yesterday in the interests of the candidacy of Alex. Sime, who is the independent candidate for supervisor in this district. Mr. Combs says that the petition to set Mr. Sime on the ticket is about complete, and that the petition will be presented to the board of supervisors on the 24th inst. The petition is being signed by a large number of citizens, and the petition is being signed by a large number of citizens, and the petition is being signed by a large number of citizens.

CALLS MEETING TO PLAN DINUBA INDIANS WILL HOLD BIG WAR DANCE

Arrange for Pow-Wow at Ball Park; Receiving Class Overcrowded.

DINUBA, Sept. 22.—Jesse Calhoun, a familiar Indian character here, has been busy several days arranging for a big pow-wow of the Indians of his tribe from the hills and also the Sanger and Lemore Indians. The gathering and councils will be held at the ball grounds here, and on Saturday night there will be a regular "war dance," for the benefit of the white man's entertainment and the red man's pocketbook. Jesse proposes to charge 25 cents admission for "big man" and 15 cents for "little man."

The crowded condition of the receiving class in the local grammar school is such as to cause Principal J. B. Weed to issue notice that all parents who propose starting their children in school this term must do so not later than next Monday, or they cannot be received before the Christmas holidays. There are now forty-eight little tots in the class who have just begun their school days, and the accommodations are becoming very limited.

The Dinuba branch of the Tulare county library is now open in the Hopkins furniture store and is in charge of Miss Pillsbury. Books may be had on Tuesdays, Thursdays and Saturdays from 10 o'clock to 5 o'clock.

Word from the bedside of Mrs. Fred Dupont yesterday was to the effect that her condition continues to give encouragement to her relatives. It has been discovered that the cause of the trouble was at first thought to have been seriously burned, has revived and shows decided signs of healing. Her worst pains seem to be on her hands, and so far no symptoms have developed that give cause for alarm in her recovery. Thus far everything points to the best in her condition, and relatives and friends are almost ready to take hope for her complete recovery.

Word has been received here of the resignation of Rev. J. J. Limerick, pastor of the Second Christian church, from the church. Limerick was formerly pastor of the local Christian church and his family have resided here ever since he left the local pastorate. It is understood that Mr. Limerick will go East to the city of New York, where he will be engaged in the musical education of the young.

Miss Ella Pillsbury of this city has opened a kindergarten in her home, and already has a number of little tots in the class. The opening of this work in Dinuba has long been needed and the movement has been hailed with delight by many mothers.

Grading and leveling of the public athletic field was started yesterday by a large force of men and within a week it is expected that the tract will be in such shape that the fence and grandstand may be constructed. An open canal of the Hanford Water company running through the tract will in all probability be passed through 30 to 40-inch concrete pipe.

Many complaints have been made regarding tardy mail service between Porterville and San Francisco. In several instances special delivery letters mailed here on No. 7 of the Southern Pacific railroad are not delivered in the city until the following day. Postmaster Lloyd has some of the cases under investigation and has forwarded the evidence of a recent delay in special delivery mail to the inspector of mail service at Los Angeles.

Members of the Chamber of Commerce have started an agitation to have the official name of this city changed to Porterville in all the records of the postoffice department and upon the mailing stamps, headings of newspaper, official documents of the city, etc., the name appears as Porterville, while the universal usage of the name is spelled with the "S."

Members of the Merchants Association, as well as the Chamber of Commerce, have started an agitation to have the official name of this city changed to Porterville in all the records of the postoffice department and upon the mailing stamps, headings of newspaper, official documents of the city, etc., the name appears as Porterville, while the universal usage of the name is spelled with the "S."

FUNERAL SERVICES FOR LATE W. H. DODDS

MADERA, Sept. 22.—The funeral of W. H. Dodds, was known as a prominent citizen took place yesterday from the Woodman hall and was attended by a large crowd of Woodmen and Redmen and friends. There were many beautiful floral emblems.

The services were held at the hall and consisted of the classical ceremony of the order and a large crowd attended the remains to Arbor Vitae cemetery, where the interment took place.

The school trustees of Madera district today considered bids on the site for the new school house. Three bids were received, but no action was taken on the bids. The school will determine the site and will probably purchase one. Two or three sites are being considered.

The Ladies' Aid of the first Methodist church and that of the Presbyterian church have announced that they will serve dinner on election day. J. H. Barnett, who was arrested on a charge of having a few days ago pleaded not guilty this morning and demanded a jury trial. The case has not yet been set.

John Fraser, a youth who was trying to dispose of his watch last night in his own words "he was up against it," was arrested on a vagrancy charge and appeared this morning before Judge Barrett. Fraser stated that he was anxious to get work and as he appeared to be a decent kind of a boy, he was allowed to connect with a job.

Miss Rosa Domencia and brother, Angel, of San Antonio are here visiting friends, having come from their home yesterday in Bert Burdick's auto.

A daughter was born to the wife of W. H. Dodds yesterday. With James, one of the prominent business men of the city, came yesterday to visit his folks and left today for San Francisco.

COALINGA, Sept. 22.—Marshal John Moffatt returned late last evening from Bakersfield, where he went to bring Charles Jolley back to Coalinga on a charge of forgery. Jolley was formerly employed at the Pleasant Valley hotel as a waiter and was arrested in the south end of the city for tapping a till from which he secured \$50. Jolley was released at Bakersfield on account of insufficient evidence. The charges against him in this city are considered quite serious and his case will probably be brought up tomorrow.

Some unknown person terrorized the condition last night by firing several shots. Today Hattie Russell, near whose house the shooting occurred, swore out a warrant for the arrest of the peace disturber, if he can be found.

WEATHER CONDITIONS

SAN FRANCISCO, Sept. 22—Forecast:
San Joaquin valley—Fair on Friday;
continued warm, light north winds.

GENERAL CONDITIONS

Rain has fallen during the last twenty-four hours over Eastern Washington, Idaho, the Canadian Northwest and eastward into the upper Mississippi valley, attending the movement of a barometric disturbance from the northern Rocky mountains to the plains states. A rapid rise in pressure over the North-west with considerable easterly winds over Montana and the northwest Canadian provinces. From the Mississippi eastward to the Atlantic and from the Missouri south to the Gulf fair weather obtains. Westward from the Rocky mountains, the sky is clear except on the coast of Southern California where fog prevails.

There has been a slight decrease in barometric pressure during the twenty-four hours but the weather will continue to be fair, with light to moderate winds and with slightly higher temperatures.

W. E. BONNETT, Local Forecaster.

TO DISTRIBUTE CARTONS OF RAISINS TO BANKERS AT LOS ANGELES.

AMERICAN BANKERS' ASSOCIATION to Hold Meeting

October 3-7.

Fresno Clearing House Will Provide 4000 Cartons

Seeded Raisins.

The eight or ten thousand members of the American Bankers' Association who will attend the annual meeting of that organization in Los Angeles, October 3 to 7, will have a chance to taste Fresno raisins and judge of the excellence of first hand through action, and then by the clearing house banks of Fresno.

The Fresno banks have taken steps for the provision of 4000 cartons of seeded raisins, in special packages, to distribute among the visitors to the clearing house, which will be the first held in this state for about fifteen years.

The convention is one of international importance, the members who will be at the convention represent the banks of the United States, Canada, Mexico, and from Europe.

The American Bankers' Association has members all over the country, and each bank will have either the president or some other responsible representative at the convention. The railroads have been making great preparations to handle the crowds of delegates, and there will be special trips to points of interest arranged for the benefit of the visiting bankers.

"The postal savings banks probably will be among the matters to be discussed at the convention," remarked J. Woodward, president of the First National bank here, yesterday. "There is a great deal of money to be considered, and, perhaps, some in which legislation will be advocated. I don't know of anything except the postal banks, however, and to say what action would be taken would be conjecture."

"The convention will be of interest as it will be of considerable importance through the presence of bankers outside of the United States institutions. At least, I know that while I was in Mexico City I saw many things of interest, and I believe that a number are coming from Canada as well."

"L. E. Pierson, president of the Irving Exchange National bank of New York city, president of the American Bankers' Association, will be present at the convention, according to a telegram I just saw. Los Angeles is preparing to receive the bankers with open-hearted hospitality, and all in all it will be an enjoyable convention, I believe."

MARGARET ILLINGTON MAKES SINGLE SPEECH OF HER CAREER TO BUNCH OF COLLEGE GIRLS

Margaret Illington in "Until Eternity."

Margaret Illington is not of the theatrical stars who come to make speeches. But the miracle of securing a speech from her lips was finally achieved when she was playing "The Thief" by two or three hundred Smith college girls at Northampton, Mass.

Throughout the evening several times that number applauded as only enthusiastic girls can. They had extorted the time "Thank you! Thank you!" with which other audiences are reasonably familiar. But the more ardent spirits were not to be satisfied with this.

Consequently, after the performance was over they hid themselves hurriedly to the stage entrance, which happens to be on an eminently quiet side street, and there they lay in wait. It was the last night of Miss Illington's tour. A special train was ready to carry the company to New York. The stage hands were rushing the scenery out to the wagons. At least they wanted to rush it, but even a stage-hand of the most callous description could not help pausing, in something like awe, before that merry mob of girls.

The manager, in despair, was sighing over the prospect of New York connections hopelessly lost, when out of her dressing room came Miss Illington. The object of adoration, she was to do her honors. Perhaps, she merely wanted to get her train off in time. At any rate, opening the stage door, she smiled down upon them.

Now, at Smith there is one grand and universal fashion of showing attention. The object of adoration, she was to do her honors. Perhaps, she merely wanted to get her train off in time. At any rate, opening the stage door, she smiled down upon them.

REPUBLICAN CANDIDATES PLAN TO CAMPAIGN COUNTY IN PAIRS

Klette and Say Expect to Visit Different Places Together.

Mason Making Hard Fight for Sheriff on His Past Constable's Record.

The campaigning being carried on by Republican candidates for county offices is now beginning to take more or less organized form. Instead of going about alone, the candidates are now starting out in pairs and already a number have made partial arrangements for trips to the various localities.

Some of the candidates for the larger offices are still remaining in the city, however, as they have been unable to get away from their present cares long enough to take up their own fights for office.

Ernest Klette, candidate for district attorney, is planning to make a campaign through the county and will in all probability be accompanied by Harry Say of Selma, candidate for assessor. Both Klette and Say express much optimism on the outlook at present.

Scott McKay and H. E. Barnum have been particularly favored, as they received all four nominations and it will be unnecessary for them to make any campaign whatever.

Allen E. Mason visited Sanger yesterday, where he has probably the strongest organization in the county. There are a few dissenters but the Mason forces there have done some hard work, and are ready now to take matters easy, as this district is assured for the Fowler man.

Mason is making a campaign on his past record, which has no equal in the county. For sixteen years and eight months he has been constable at Fowler and at the last primary election he received all but four votes from that place. Mason has confined his duties not alone to the town of Fowler, but he has worked on cases all over the county and is regarded by the county authorities at the present time, judging from their actions toward him, as the most capable officer in Fresno county.

George R. Andrews, candidate for public administrator, has been detained in the city and has thus far been unable to make a canvass except in a quiet way. He believes the outlook for him is good, however.

George E. Machen and Charles Farnam, candidates for constable, are putting in all their spare time rounding up voters and express complete confidence in the belief that they will be wearing the constable's stars for the next four years.

IN THE LODGE ROOM

DAUGHTERS OF AMERICA

Mrs. Washington Council No. 1, Daughters of America, met last evening at Odd Fellows' hall with a good attendance. Routine business was transacted. The by-law committee will draft a set of by-laws and report at the next meeting. Delegates to the state convention will be elected.

The adoption of by-laws and practices in the initiatory work will receive the attention of the council for the next few meetings, and then a membership contest will be inaugurated. A series of social entertainments is proposed for the coming winter months.

The officers of the council are: Junior past councilor, Mrs. Isabel Tupper; councilor, Mrs. Maude L. Holiday; associate councilor, Mrs. Mary L. Harris; vice councilor, Mrs. Mary L. Harris; secretary, Mrs. Helen M. Ash; recording secretary, Charles Morton; assistant recording secretary, Loren G. Tupper; financial secretary, Mrs. Laura Kores; treasurer, John T. Cochran; conductor, Mrs. Mary L. Harris; leader, Mrs. Mary L. Harris; and all the members of the council are present.

FRATERNITY REHEARSAL

Friendship Lodge No. 244, a new and interesting presentation of "The District School" Wednesday evening, the evening being one of the most enjoyable held by that lodge for some time. The lodge rooms were filled with members and friends of the lodge, and all vied the entertainment a great success. Mrs. E. E. Curtis acted as school mistress, and twenty members dressed in school day attire, made a hit with their humorous representation of the scholars of a country school.

The sum realized through the "District School" will be added to the fund obtained by the Hottelkirk Rehearsal on the evening previous in a program of musical and literary numbers. The money will be sent to the Rebekah orphan asylum at Gilroy.

ODD FELLOWS, NO. 343.

At a well attended meeting of Central California Lodge No. 343, held at the second degree was conferred on six candidates. The new members are: C. D. Wallace, Fred B. Barty, T. C. Vickers, George L. Hall, J. W. Fikes and Emil O. O'Connell. Candidates made application for the third degree, which will be conferred at a later date. At last night's meeting the Odd Fellows were surprised by a visit from H. R. Sturt, who is a member of Icelandic lodge, No. 1, of Gilroy, California. This lodge was instituted for the benefit of the Odd Fellows who are employed on the Panama canal. The lodge is a temporary one, however, Mr. Sturt gave an interesting talk on conditions in the canal zone. W. H. Laughlin of Mountain lodge No. 131 of Fresno, Wis. was present also and gave the members a talk.

Plans are being made for the annual roll call of the members of Central California lodge, which will be held at the lodge on Wednesday night, October 12, at 8 o'clock. Although no definite date has been set the roll call will be held toward the end of November.

Tonight Fresno encampment, Odd Fellows, will confer the Royal Purple degree on five or six candidates. A large crowd is expected as a good time is on the program.

HOLD FUNERAL OF VALVERA, BURGLAR

Man Who Was Killed by Espee Station Agent at Firebaugh Buried by County.

With the expenses borne by the county, the funeral of Joe Valvera, alias Joe Patner, the burglar, who was killed Wednesday night at Firebaugh by Station Agent William R. Reynolds, was held yesterday afternoon. Interment was in the potter's field at Mountain View cemetery. Nothing of value was found on the remains by Coroner Bean.

Valvera was shot and instantly killed by Reynolds when the station agent found the man emerging from the Southern Pacific depot at Firebaugh. Valvera had a handful of coffee taken from the cash drawer. A scuffle ensued and Reynolds fired two shots, one taking effect in Valvera's lungs. The other bullet went through his neck. The coroner's jury exonerated Reynolds. The burglar was known around Firebaugh by the name of Joe Patner.

PORTER ADMITS DEAL IS ON WITH AGENCY TO MARKET SURPLUS

But Denies Any Purchase Has Been Closed by Associated Co.

Declares Oil Market Must be Found Outside of California Now.

SAN FRANCISCO, Sept. 22.—Referring to reports that the Associated Oil company had made a deal with the Independent Oil Producers' Association for marketing the surplus of this state, W. B. Porter, vice-president and general manager of the former corporation, denied today that an agreement had been reached. He admitted, however, that he had attended a conference with L. P. Sinclair, head of the Independent Producers, relative to the disposal of the surplus product.

"California is producing too much oil for her own needs," said Porter, "and the market must be found for it outside of the state." He declared that no deal had been put through looking to the absorption of the property of the Independent.

GUERBERON ON DEAL.
S. A. Guerberon of Coalinga, who returned to the city yesterday after a trip to San Francisco, stated that no agreement had been reached between the Associated and the Agency, nor any sale, so far as he knew. However, he went on to say that President St. Clair of the Agency and the members of the executive committee, of which he is one, are doing everything possible to find a market for Agency oil, and would make a deal with the Associated if proper terms were forthcoming.

In regard to the consolidation of the Western Oil Producers' Association and the California Oil Men's Association, Guerberon stated that the way the two organizations now stand there can be no reason for their being separated. There was some discussion in the ranks of the former organization during the first stages of its existence, but that has been overcome and it now upholds the same ideas as the latter. Therefore, he thinks it is wiser to consolidate into one organization which can move easily handle affairs relative to legislation on oil lands.

STOCK TO GO UP.

BAKERSFIELD, Sept. 22.—No authentic information regarding the reported Agency deal is available, but a member of the Agency executive committee practically confirmed the report of the pending contracts when he predicted a rise in the price of Associated stock due to inside buying. The absence of General Manager Horton of the Southern Pacific, who went East recently, is believed to have something to do with the deal, as the railroad company controls the Associated.

SOCIETY

The Friday Morning Club, which has availed itself of woman's prerogative to change her name, is now the Friday Club and is about to hold its first day club and is about to hold its first day club and is about to hold its first day club.

Mr. and Mrs. J. A. McHugh, Sr., who have sold their home on Tulare street to Mr. Long, will make their home in Oakland for the winter. Their daughter, Miss May McHugh, expects to go with them, but will probably visit in Fresno during the winter.

Mrs. Frank Helm is expected home from San Francisco next week.

Mr. and Mrs. D. S. Ewing, with their two daughters, enjoyed an automobile tour through the southern part of the state.

Mrs. G. P. Ginter has returned from San Francisco.

The Apollo Club entertained in a charming manner at Zapp's Park last evening. This club contains some of the best local talent in Fresno and the thirty or forty guests who enjoyed their hospitality had a rare treat in some of the moving numbers which were given. The pavilion served both as a dancing hall and a card room, while boat riding proved a counter attraction. Mr. H. H. Alexander was instrumental in arranging this delightful affair.

Mr. and Mrs. William Harvey, Jr., are receiving congratulations upon the arrival of a little son.

Mrs. Emory Donahue and Mrs. W. A. Sutherland enjoyed a week in San Francisco.

Mr. and Mrs. Chester Boles have returned from a three months' journey in San Jose and expect to move into their home on Fortcamp avenue in a few days.

The Oleander Study Club will post-date their meeting from the first of October to the latter part of October, owing to the death of one of their charter members, Mrs. Brooks.

ADS PEROXIDE CREAM

For those particular people who desire a beautiful complexion and who want to keep the skin at its best all the time—keep it clear, flexible, smooth and give it the glow of health—there is nothing as good as A. D. S. Peroxide Cream, because it contains a small quantity of Hydrogen Peroxide, the great antiseptic and cleansing agent.

Its action upon a red, blotched, pimply, oily, unsightly skin is very pronounced.

When used as a massage it has a tendency to eradicate wrinkles and to nourish the tissues. It is a mild bleach—perfectly harmless and will not grow dull.

This is one of the leading preparations made by the American Drugists Syndicate, which is composed of 12,000 responsible druggists, and it is but one of the famous A. D. S. Peroxide Family.

The others—equally as good, equally as beneficial and just as popular—are A. D. S. Peroxide Tooth Powder, which whitens, cleanses and preserves the teeth; A. D. S. Peroxide Tooth Paste for the same purpose, put up in a different form; A. D. S. Peroxide Soap, a very superior soap because it cleans as well as cleanses; A. D. S. Peroxide Foot Powder, for tired, aching, burning feet, and last, but by no means of least importance, is A. D. S. Peroxide of Hydrogen, the great disinfectant and germicide now being used in so many homes. All of these A. D. S. preparations can be obtained at any A. D. S. Drug store.

The first part of the evening was spent in the railroad trip across the continent, which was completed in every detail. The guests were assigned to upper and lower berths on the cars, represented by Little table sets. Time tables, in which the names of the various cities visited en route were placed, were also distributed. The guests were also given a booklet containing a list of the cities visited en route. The guests were also given a booklet containing a list of the cities visited en route.

On the way back the guests were treated to a short musical and literary program. The Tokalon Club presented a humorous skit entitled the Peak Sisters. Miss Hisset played Chopin's Polonaise. Miss Fontaine gave an excellent recitation. Miss Ora Travers gave a song solo and Miss Lillian James played on the violin the "Salut d'Amour" by Elgar. The soloists and readers were given hearty applause. Miss Shields of the association gave a brief talk at the close. Safe from prying masculine eyes the guests enjoyed themselves through a long evening. Many to carry out the idea of a personally conducted tour, were garbed in masculine attire.

TO ARBITRATE DISPUTES OF COMPANY AND MEN

ALBANY, N. Y., Sept. 22.—John Lundrigan of Buffalo has resigned as chairman of the board of mediation and arbitration to become general superintendent of the Industrial department of the International Paper company, which has its main office in New York city.

The creation of an industrial bureau, where the thousands of employees of the corporation can have their differences discussed and adjusted is looked upon as a novel scheme.

Under his new duties, Lundrigan will be the mediator and arbitrator between the men and the company in all of its labor disputes. During his twelve years of service as deputy state commissioner of labor he has urged the creation of similar industrial departments, believing they would result in the preventing of strikes.

JESSE JAMES JR. SEEKS DIVORCE

Bandit's Son, a Missourian, Says His Wife Tried to Shoot Him.

KANSAS CITY, Sept. 22.—Jesse James, son of the famous bandit of that name, filed suit today for divorce in the circuit court here. He alleged that his wife, Stella M. James, while in his office recently, pointed a revolver at him, and the last three nights she has searched his rooms in a local hotel.

Mr. and Mrs. James were married in January, 1900, and separated a year ago. They have four children.

James, who is a lawyer, asks in his petition that he be allowed to pay his wife \$130 a month alimony.

PRICE OF TOBACCO PACKAGES INCREASED

WASHINGTON, Sept. 22.—Packages of cigarettes and tobacco are being reduced in size by the manufacturers to make up for the increased revenue taxes imposed by the government. Packages of several well known brands which formerly contained twenty cigarettes and were sold for 5 cents now contain only fifteen, selling for the same price. The first of the smaller sized packages have appeared in Washington and the internal revenue bureau has unofficial information that the so-called tobacco trust intends cutting the sizes of all its package goods in every city in the country. Pocket pouches of tobacco which have been in the size of 12.5 ounces and sold for 5 cents, will be reduced to 11.4 ounces, it is understood.

COUNCIL OF EDUCATION WILL MEET IN S. F. OCTOBER 1ST

Teachers' Pensions to Come Up for Consideration at That Time.

Changes in Supervision and Other Affairs to Be Considered Then.

The draught for a proposed bill to provide for a retirement fund for teachers, a proposition which has aroused considerable interest among the teachers of this part of the state, has been draughted and will come up for consideration at a meeting of the Council of Education, to be held in San Francisco, Saturday, October 1st. The Council of Education was formed here last March after the regular meeting of the Central California Teachers' Association, the other three teachers' associations of the state already having met in favor of this bill, which unites the four associations have eight representatives in the Council of Education.

Reports on several matters will come up for consideration at the meeting of the council. Special interest attaches locally to two of the matters, through the fact that Superintendent E. W. Lindsay, superintendent of the schools of Fresno county, and C. L. McLane, superintendent of the schools of Fresno city, are members respectively of the committees on the "Teachers' Retirement Fund," and on "Supervision." The latter subject deals with the creation of deputy superintendents or supervising principals for the county schools.

TO PENSION TEACHERS.

The retirement fund proposition has been under consideration for several years, and Dr. A. F. Lange, head of the Department of Education at the University of California, has done a great deal of work on the proposition. The proposed bill will come up at a special meeting of the committee held just before the meeting of the council.

BILL'S PROVISIONS.

It is proposed to devote all funds from the succession and inheritance taxes not specifically appropriated to the state school fund to the "Public School Teachers' Retirement Salary Fund of California." Teachers and other members of the department in this state who are 60 years of age who have served for thirty years, of which twenty years must have been in this state, as teachers or superintendents or part in this capacity and part in the period of educational administration, according to the proposed bill, are to be eligible to a retirement salary of 1 1/2 per cent of the average salary for the last ten years of their service.

The last ten years would not necessarily be necessarily be interrupted over three years. The retirement salary also would be available to any school teacher who has served at least twenty years as a teacher, on a legal teachers' certificate, but who by reason of bodily or mental infirmity is unable to continue in the service.

Application for the retirement salary would be made within a year after serving the last month as teacher. In this case also the salary would be determined by multiplying by the number of years of service 1 1/2 per cent of the average salary for the last ten years.

In effect, this bill, which may be presented by the council, perhaps in amended form, to the state legislature, would provide for retired teachers a salary averaging about one-half of their regular salary on active service, according to an estimate computed by Superintendent McLane.

MORE SUPERVISION.

While no definite arrangements have been made for the proposed changes in supervision, remarked County Superintendent E. W. Lindsay last night, "where the county superintendent is to have supervision of only some of the schools, the need is not so urgent. Where, as in Fresno county, he has charge of some three hundred teachers, some such provision is desirable. In the latter case it keeps him busy to make a trip of inspection once a year. The deputies would be a provision to exercise more care in the individual schools. One might be appointed for every so many teachers, say twenty-five or thirty."

A meeting of the county board of education executive committee will be held Saturday evening, at which the proposed change may come up for consideration.

OTHER MATTERS.

Other matters to come up before the council are proposed changes in the course of study, the systematized codification of the school laws of the state, and a movement to secure better tenure of teachers. The last subject is considered important. It is proposed to create a tendency on the part of the teachers themselves as well as on the part of the county school boards, to regard appointments as more permanent than they are now, and that the teachers may make their home interests lie more in the districts in which they work.

The coming meeting will be watched with interest by teachers all over the state. One of the effects hoped for from the proposed retirement fund is that teachers will not feel forced to save up all of their money in view of their ultimate retirement, and may spend part of their salaries for self-betterment, secure in the knowledge that they will provide for their retirement when old age or sickness comes on.

The committee to report at the council meeting are as follows:

1. "Retirement Salaries"—A. F. Lange, Berkeley; Miss Helen Matheson, Los Angeles; H. J. Baldwin, Fresno; J. H. Conover, San Francisco; Miss Anna Wiebalk, San Francisco; C. L. McLane, Fresno.

2. "Course of Study"—E. P. Culbertson, Stanford; E. M. Cox, Oakland; J. B. Davidson, San Rafael; A. L. Hamilton, Pasadena; Miss Margaret Hansen, Visalia; E. C. Moore, Los Angeles.

3. "Codification of the School Laws"—Mark Keppel, Los Angeles; Duncan Stirling, Salinas; J. A. Cranston, Santa Ana; M. E. Dailly, San Jose; Miss Rose Hardenburg, Los Angeles; A. B. McPherson, San Bernardino.

4. "Supervision"—F. W. Kaufman, Los Angeles.

Pomona: J. A. Barr, Stockton; Miss Edna A. Rich, Santa Barbara; E. W. Lindsay, Fresno; J. W. Lindsay, Santa Cruz; G. W. Moore, Colusa.

5. "Better Tenure"—W. M. Mackay, Chico; W. C. Wood, Alameda; J. E. Francis, Los Angeles; Miss Della Fish, Red Bluff; Roda Hanford; Mrs. Clara M. Partridge, Berkeley.

U STREET WIDENING

Editor Republican:—As a property owner on U street, I wish to correct an error in the account of the proceedings in regard to the widening of U street in this morning's Republican. The statement was that Allen Miller had received \$125 damages. The fact is, he received \$214, of which \$148 was for moving the house, which he has not yet moved, and he was also allowed \$140 for eight trees, and \$200 for being disturbed. A protest was later presented to the board of trustees against the exorbitant assessment. We had been assured by at least one of the trustees that the cost would not exceed \$15 a lot, but it has actually cost some of the property owners \$44.16 a lot. Also, it was understood by the petitioners that the cost would include the street grading, but we later learned that we would have to pay for the grading also. However, at Monday's meeting, the city trustees ordered this done at the expense of the city, apparently on account of Miller's refusal to carry out his verbal agreement to move back his house. One other property owner, H. C. Carlin, received \$2500, which was compensation for being "disturbed." Really, the other property owners on U street have a better right to be "disturbed" at having to pay these disturbance assessments.

According to the report of City Attorney Kaake, there is no legal way to compel Mr. Miller to move his house back, though he was paid for it. The "Voorman act," under which commissioners are appointed to adjust benefits and damages, surely has some very objectionable features in carrying out justice to the people.

GOOD-BYE TO BUFFALO BILL.

Two Exhibitions in One.

The combined forces of Colonel Cody's original exhibition, the Wild West, and Pawnee Bill's story of the Far East, with its primitive peoples on the same line as regards human interest, have been united together, and must naturally give a very interesting exhibition on the occasion of Buffalo Bill's farewell to each city that he now visits. At the close of the season of 1910 he will positively retire to private life to look after his many personal interests in the Northwest. While still in good condition and fully able to stand the fatigue incidental to months of continuous night travel and daily performances, he has decided to withdraw and enjoy the rest and comfort while he may.

While Colonel Cody will be missed, which goes without saying, the public will not lose that standard exhibition, which will be continued in the field with Colonel Cody as actor, so that the rising generation will continue to receive lessons of the old life when the West was wrested from savagery and utilized to the immense advantage of the white race. On this occasion an extraordinary interesting program will be presented.

With four open-air melodramas, an Oriental spectacle, and a host of reckless horsemen on Western bronchos, there will be a genuine atmosphere of the open plains, rugged frontier and desert life in the exhibition to be given in this city by Buffalo Bill's Wild West and Pawnee Bill's Far East.

The exhibition will be a scene of the Indian war, the wagon train, which will show the pastimes of the plainsman and cowboy, and will end in a vigorous Indian attack upon the whites, a repulse and final rout of the red men. The battle of Summit Springs will be the leading feature of the entertainment. In this scene one of the deciding conflicts in Indian warfare will be reproduced with Buffalo Bill re-enacting the role which he originally played in the battle—the death, at his hands, of Chief Tall Bull, and the utter defeat of the Indians.

The rough riders will display various feats of horsemanship. There will be a quadrille on horseback, bronchos and mustangs in displays of difficult tricks; there will be "broncho busting" and many other forms of accomplished horsemanship by riders gathered from the Far East and once Wild West. In every way the exhibition will uphold its standard as an open-air entertainment and at every performance Buffalo Bill will be in the saddle at the head of his company, directing the performance on this his leave-taking of his patrons in our city.

SHOOTS WOMAN, THEN SUICIDES

CLEVELAND, Sept. 22.—A man believed to be Burton V. Yates, a Detroit business man, committed suicide by hanging in the county jail today, an hour after he had been lodged there for the shooting of a woman identified as Mrs. Fred Singer of Cleveland, formerly of Detroit, in a road-house at Rocky River.

The woman was taken to a hospital in a taxicab, while the man thought to be Yates was summoned to the road-house. She will probably recover.

The shooting followed a day of automobile races and visits to wine taverns. The couple arrived at the road-house shortly after midnight.

The mental condition of Burton V. Yates has been causing anxiety for six months. Yates is said to have been half a million dollars, but under conditions that gave him control of only the income. He had lumber land in Ontario in Canada and was in athletic training. He was well known as an enthusiastic cyclist.

FAMOUS RUNNER WHO HAS QUIT THE CINDER PATH

NEW YORK, Sept. 22.—Another great athlete has quit. Wilton Paul, the swift miler of the University of Pennsylvania and N. Y. A. C., has announced that he has run his last race. He will take a postgraduate course at Penn and next year expects to practice dentistry in Buffalo. To college men Paul is the greatest miler the world has ever known. Experts who saw him hang up the intercollegiate record of 4 minutes 17.4 seconds at the Harvard stadium two years ago stamped him as the fastest miler of the age and predicted that he would eventually hang up a world's record of 4 minutes 10 seconds. Since then Paul has run and won many good races, but never has he displayed the form that won him the intercollegiate title.

HAL CHASE MAY BE FIRED FROM N. Y. YANKEES

President Farrell Issues a Statement; "Prince Hal" Replies.

NEW YORK, Sept. 22.—The vapor of gossip that has surrounded that quarrel of Hal Chase, captain of the New York American League baseball team, and George Stallings, manager, was cleared today by a statement from Frank J. Farrell, president of the club. Stallings was in conference with Farrell today in obedience to a telegram summoning him from Cleveland, and took the opportunity of making grave charges. He accused Chase of withholding his best services on the field and of quitting when he was most needed.

President Farrell thought the charges so grave that he took the first train for Cleveland, where the club now is, to make a complete investigation. Stallings wanted to accompany him, but was refused permission. If the charges are sustained, Farrell said that there will be no place for Chase on the New York team, or in his opinion, on any other team. If they fall, he reserves the right to deal with Stallings as he thinks fit. He denied that Chase had been appointed manager of the club.

President Farrell made the following signed statement:

"In response to my calling him to New York, George T. Stallings appeared at my office this morning and gave me the version of the reported trouble in the New York American League club of which he is manager. To my surprise, Mr. Stallings made grave accusations against Hal Chase, first baseman of the team and its captain. Mr. Stallings charged that Chase has not been giving his best services to the club, and that he has been guilty, in baseball parlance, of 'laying down'."

"No ball player can afford to have his reputation and the reputation of his club marred by such charges, and I have decided to go at once to Cleveland, where the team is playing, to make a thorough investigation of Mr. Stallings' charges, and if I find they are true, I shall lay the entire matter before the National Commission and ask that Chase be punished. I owe such an investigation to the public and the players."

"If Chase is guilty of Stallings' charges, there is no place for him on the New York American team, or any other team in my judgment. If he is not guilty, he should be promptly cleared of the charge."

"If Mr. Stallings fails to prove his charges against Chase, it is up to me to deal with Stallings as I see fit, as Chase is too great a ball player to have his reputation blackened by such charges."

"There have been recently many misleading reports about my club and a change in its manager. I desire to say now that George T. Stallings is still manager of the team, that while he is here in New York the club is in charge of my secretary, Thomas Davis, and that I have not appointed Hal Chase to manage the team to succeed Stallings."

Farrell started for Cleveland tonight.

DALY, KELLEY, MACK PHOTO. © AMERICAN PRESS ASSOCIATION

LAKEVILLE, Conn., Sept. 22.—Yale's football practice for the 1910 season is now on in earnest. For the past week Captain Daly and Head Coach Ted Coy have had the men doing light work, including passing, quick starting, falling on the ball and a little punting for the backs. The squad is the largest ever reported for preliminary practice, a total of sixty being on hand. It was decided a couple of weeks ago to call to Lakeville practically all the candidates instead of the leading players, as formerly. This accounts for the large number on hand. What practice in the new code will uncover seems a mystery. Many of the experts at New Haven think that the new rules will live a fortnight after the playing schedule begins. Then they expect the rules committee will issue a hurry call for a meeting and alter some of the clauses of the code which are perplexing, contradictory or impracticable. That the code should exist as it stands till the close of the season seems unbelievable here. It is felt that the coaches of the college eleven will find themselves confronted with a dilemma in planning the season. The new rules call for an open game—a game in which the backs rush the ball continually. The temptation will be for practice games to be ordered between the first and second eleven. It is thought that this will at once cripple the backs, and care will be taken here not to have the games ordered till the players are physically well seasoned.

BAT NELSON NOW WEIGHS 157 POUNDS—WILL MEET DALE

KANSAS CITY, Sept. 22.—Batting Nelson and Monte Dale were today matched to fight ten rounds here on the night of October 10th. This bout will be the first battle of the year for the Grand Avenue Athletic club. Dale is a husky youngster who fought several times in the West. Nelson is pleased with the opponent selected for him. This is his first fight since he was defeated by Ad Volkast and he is anxious to get a line on his ability after a prolonged rest. The fighters will not attempt to make the lightweight limit. Nelson weighs 157 pounds and does not want to take down too fine for a short fight. Dale is at his best at 135 pounds.

ARTHUR SMITH WILL REJOIN DICK'S TIGERS

Arctic Heaver Returns from Alaska; Many Games Are in Sight.

Tanned to a berry brown, "Lil" Arthur Smith, ex-Tiger, orator, growler, and Arctic heaver, returned a few days ago from Cordova, Alaska, where he pitched and lost for the Cordova team in the crucial game of the season. Smith is now in Manila, where he owns an orange ranch. Yesterday, Manager Frank L. Dickinson of the rejuvenated Tigers, secured the promise of Smith to pitch for his club. Artie will do the backstopping. The infield will be composed of Tracy, Kelly, Funk and Schimpff, with Kuhn, Dickinson and one of the pitchers in the outfield.

Eddie Householder will join the Tigers later.

Manager Dickinson has heard from all the boys and they will be on deck next week. Dick is negotiating with the managers of several Coast League clubs for a post-season series to be pulled off in Fresno. Incidentally, Dick hopes to fill in all Monday dates. (On October 3, the Angels pass through Fresno to the bay and it is hoped to have the Dillones stop off here. In the proposed series with the Modesto Reds, Schimpff and Tracy will work in the box, Kuhn playing at short with one of the spare fingers in the suburbs.

The diamond at Recreation Park, in fact, the grounds in general, are being cleaned up. "Dad" Smith, the popular ground-keeper, will again be in charge. The auto gate at the park is to be closed because the sun will shine in the eyes of the spectators on that side of the field and also because the glass dashboards flare the light so that the players and the fans in the grandstands are bothered. The only definite dates are October 1st and 2nd, when Madera comes here and the 8th and 9th, when the Modesto Reds try conclusions with the Jungle bears.

"THE HARVESTER" IS PING BODIE EQUALS CROWNED KING OF STALLIONS

Steps Long Mile in 2:01 at Columbus; Ovation for Driver.

COLUMBUS, Sept. 22.—To the track that for nine years held the stallion trotting championship because of the 2:02 1/2 mile by Crossens, there came back the title today when The Harvester went a brilliant mile in 2:01 flat and thereby took a quarter of a second off the time he made last week at Syracuse.

Although weather conditions were suitable, Driver, a moment after he had dismounted and acknowledged an ovation from the crowd, said: "He would make an attack next Thursday upon the record if the track could be made solid close to the rail."

Because of the loose footing today, The Harvester had to step a long mile. He was a trifle weary at the finish and did not flash through the last quarter as he had done at other points on the grand circuit.

Shortly before 5 o'clock the champion was sent away, rushing to the first quarter in 29 1/2 seconds. Over on the back stretch one runner became a trailer. The second quarter was stepped in 30 seconds. In the third there was but a slight slackening, and the time for it was 30 1/2 seconds. An additional quarter in 31 1/2 seconds made the mile a winning one, as The Harvester had started to beat 2:01 1/2.

BACHANT RESIGNS AS OFFICER OF AGENCY

Announces That He Will Sell His Raisins on the Outside Now.

FOLLOWS ON TROUBLE

Dissatisfied With Executive Ability of Management Is the Reason.

D. L. Bachant yesterday sent in his resignation as a member of the executive committee of the board of directors of the California Raisin Marketing Agency. This development follows the bringing about of a crisis in the affairs of the concern through letters announcing a deferring of payment scheduled to growers at the first of this month.

"I don't wish to knock the company," said Bachant yesterday. "In fact, I wish them success, but I want the growers to understand the reason for my resignation. I am not satisfied with the management, but I do not care to go into details.

He said that a week ago he proposed that the attempt to revive the agency be given up and the growers released from their contracts, but the green fruit men in the body stood with President Rudy against this, and Bachant was voted down. Bachant has written a letter to the company on the subject of his resignation, but declined to give out its contents.

He said further that he did not mean to imply that any dishonesty had existed in the management of the company, but he did not think the proper executive capacity had been shown in that management, and thought money was being lost, the proper thing was to get out and stop the losses.

"I also want to get before the growers," he continued, "the fact that I am going to sell my raisins on the outside, and cut loose from the Agency."

For two years the growers holding contracts with the Agency have received 1 1/2 cents per pound per year for their raisins, which is recognized as a valuation price for the goods. From \$1 to \$2 per ton now due them is being held back as an inducement to the growers to continue doing business with the Agency. If they deliver for two years more, they receive this money due them, under the terms of the contract. The opinion is advanced, however, that it would be good business for these growers to get out and secure the market price for their raisins this season rather than deliver two years more in this quarter to secure the \$1 to \$2 per ton due them.

HYATT ON VISIT SPEAKS IN CLOVIS

State Superintendent of Public Instruction Edward Hyatt and wife stopped over in Fresno yesterday en route from Los Angeles to Sacramento. They called informally at the county superintendent's office, and before returning home visited their niece, Miss Hazel Hyatt, who is a teacher in the Clovis school. Superintendent Hyatt addressed the Clovis high school commencing the commercial course as in line with the present tendency of practical education.

Y. M. BOYS' CLASSES TO OPEN SEPT. 27TH

Big 12-Foot Electric Light Sign Ordered for I St. Building.

Formal notices were sent out yesterday by the Fresno Young Men's Christian Association of the opening of the boys' gymnasium classes. Tuesday, September 27th, the time for the classes will be the same as in previous years. The Intermediates will meet Tuesday and Friday evenings. The Junior A class will meet Tuesday and Friday afternoons, while the Junior B class will meet Wednesday afternoons and Saturday mornings. The preparatory class will meet Saturday afternoon exclusively in going to the gymnasium. The organization of the different boys' clubs will be taken up soon as the boys' classes are under way. The boys will now have nicely fitted up rooms, in which P. D. Lugo, the boys' work director, will be constantly on hand at the desk. The rooms have all been undergoing some repairs and re-furnishing.

ELECTRIC SIGN ORDERED.

General Secretary John Fechter last night placed the order for the big electric sign, which will hang over the sidewalk from the sufficiently large and plain to be read from Tulare street. It is of the latest type, and will be twelve feet long the four letters to be two feet high. The lights, of the Tungsten type, will be sunk in white channels to give them prominence.

BOTH ROADS GRANT RATES FOR CO. FAIR

Espee to Run Special Train Service With One Way Fares for Trip.

Both the Santa Fe and Southern Pacific companies will grant special round trip rates for the benefit of visitors to the Fresno county fair, according to announcements made yesterday at the local offices. General Agent E. W. Hobart of the Santa Fe stated that the Santa Fe would give a general round trip rate of one and one-third fare from all points between Stockton and Bakersfield.

The Southern Pacific will grant a one way fare for the round trip from several points, for which special trains will be provided. It was stated by other railroad men yesterday that the provisions of the passenger rate law do not affect the tariff when special trains are provided.

The one way fare will be in effect on three special trains, one leaving Madera at 8 o'clock in the morning of October 4th, one leaving Coalinga at 7 o'clock in the morning of the 5th, and one from Dinuba, leaving there at 7 o'clock in the morning of the 5th. From Stockton and Bakersfield and all intervening points the Southern Pacific has granted a one and one-third rate for visitors leaving those points between October 1st and October 5th. The return limit for the tickets will be October 9th.

FRESNO DELEGATES ON WAY EAST TO PUEBLO

Dore and Fairweather Will Attend Conservation Congress There.

John S. Dore and John Fairweather, the delegates appointed by the Board of Supervisors to the National Conservation Congress to be held at Pueblo, Colorado, September 28th to 30th, left for the East last night. Mrs. Fairweather, who will be a delegate from the local Chamber of Commerce, will meet her husband, the county delegate, at Denver.

Mr. Fairweather will speak on "The West: Its Rights and Duties to Demand from Congress its Rights Versus the Eastern States." He will advocate a greater recognition of the rights of the West in national appropriations and other measures of the national legislative body.

Attorney Frank H. Short was to have attended the meeting to speak on the equities of water rights. He found it impossible to attend, however, and Mr. Fairweather is taking his place with him to present to the officials there. The latter will return in time to go to the Fresno county fair.

PATROLMAN S. DAVIS RAIDS LOTTERY DEN

Arrests Proprietor Who Marks Tickets for White Man.

While making his "rounds" in Chinatown last night, Patrolman Steele Davis saw two white men enter a supposed lottery joint. Davis peered through a crack and witnessed Mow Leo, the proprietor, in the act of marking several tickets for Carl Blomquist. Accompanying Blomquist was Olaf Benson, who did not buy any tickets because he was shy on coin. As the white men came out of the place, the policeman arrested them and then took Mow Leo into custody. The trio were lodged in jail. The Oriental is charged with conducting a lottery game. Blomquist is accused of having lottery tickets in his possession, while Benson faces a charge of visiting a gambling house.

Taking Advantage of Time for Delivery to Cut the Growers' Profits.

Clean-Up of Peaches and Cots Makes Nurserymen Expect Business.

Evidence is being gathered here that a strong effort is now being made by a certain faction of raisin packers to bear the market for the fruit. The packers are being passed over by the Eastern buyers, who maintain their attitude of waiting, but to support this attitude, the packers are sending out buyers with slightly reduced offers of goods, which the growers are not willing to accept. The packers are also sending out buyers with slightly reduced offers of goods, which the growers are not willing to accept. ANTI-FRATERNITY LAW NOT UNCONSTITUTIONAL

Judge Seawell Hands Down Decision in Case of Doris Bradford.

The Superior court has rendered a decision in favor of the San Francisco school department in a suit brought by Miss Doris Bradford for reinstatement after expulsion for violating the anti-fraternity and anti-sorority laws of the state. The account of the decision handed down by Judge Seawell of the Superior court has aroused considerable interest here on account of the statement of the city board here that there would be no temporizing with any students found violating the provisions of the law.

Miss Bradford, after her expulsion from the girls' high school in the city, brought suit for reinstatement to good standing on the plea that the law was unconstitutional. The case was argued by many fraternity and sorority members at a last case. The court, Judge Seawell overruled the demurrer of Miss Bradford's counsel, sustaining the action of the school department. The statute in question was passed by the legislature in March, 1909.

FRESNO FAIR BOOSTERS WILL INVADE CLOVIS THIS MORNING

Twenty Autos and Brass Band to Visit Southern Fresno County.

EXCELLENT PROGRAM OF MOTORCYCLE RACES ANNOUNCED FOR OCTOBER 3.

Early this morning, Director J. E. Dickinson of the Fresno Fair Association, accompanied by a party of boosters will go to Clovis and vicinity by automobile. The purpose of the trip is to boost for the Fresno fair, which opens October 3 and closes October 9.

On next Monday and Tuesday, twenty autos with a band will invade all the towns in southern Fresno county. Banners and advertising matter will be taken on the invasion. H. H. Holland has been appointed leader of the Monday excursion, while Arthur M. Afee will lead the force on the following day. This plan was tried last year and it worked to a queen's taste.

E. E. Eberhardt, the local livestock man, has been placed in charge of the studies at the race track. Horses are arriving daily and by Sunday night all of the staple races will be taken, it is believed. Three carloads of runners have arrived from Newman, where a fair was held recently. Trainers and packers are being stabled daily under the direction of Mr. Eberhardt, who is an experienced horseman.

Last night, R. E. Fly, representing the Fresno fair, appeared before three local unions and presented his proposition for Tuesday, October 4, which is Governor Union Labor Day. Fly made speeches before the local unions, Short Metal Workers and Painters last night and was enthusiastically received. The union men applauded his remarks vigorously and assured him that they would turn out en masse on the special day at the Fresno fair.

The Motorcycle Club announced that it would give the following program on the opening day of the outdoor fair:

First race—Five miles for single cylinder machines.

Second race—Ten miles for twin cylinder machines.

Third race—One mile for bicycles.

Fourth race—Three miles for single cylinder machines.

Fifth race—Pony race.

Sixth race—Five miles for twin cylinder machines.

Seventh race—Five miles for bicycles, motor paced.

Eighth race—Ten miles for single cylinder machines.

Ninth race—Ten mile handicap race for single and twin cylinder machines.

According to the motorcycle club, the riders with their machines and five or more automobiles will parade through the principal streets of the business section, led by a brass band. The parade will wind up at the fair grounds. It is also planned to hold an automobile show in a large tent at the race track.

W. D. CRICHTON SAYS HE WILL BE PRODUCED IN COURT WHEN REQUIRED.

Attorney W. D. Crichton, who represents E. Desperati, stated yesterday that there was no truth in the report that Desperati had skipped out, forfeiting \$5000 bail. The attorney said he had been in communication with Desperati as late as last Wednesday and that his bondsmen, Paulini and Laverne, had been in communication with him only a few days ago in regard to a business deal.

Crichton says that Desperati has been a sufferer from an old wound, and was advised by friends to take a steamship trip. He was on the Queen, which was wrecked, and he is now in Seattle.

Crichton has informed Judge Austin that Desperati will be produced in court whenever required.

SAY MANY VOTERS IN COUNTY UNREGISTERED

Reports of Neglect in Outlying Districts; Twenty-Five Chinese Register.

Reports coming to party headquarters in this city indicate that with less than a week now in which voters may register, there are many men, especially in outlying districts of the county, who have not yet registered. Despite this fact, the registration has been running ahead of that of two years ago, and it is believed would show a very large gain if all those qualified to vote would get on the register.

In some cases, where numbers of unregistered men are reported, district committeemen are busy seeing that the lapse is repaired. In other cases, especially in the mountain districts, it is inconvenient to do this, though numbers of unregistered men are reported.

The volume of registration is said to be good now, however. Next Wednesday is the last day for registering.

It is stated that about twenty-five Chinese all told, are registered as voters in this county. One registered yesterday by transfer from San Francisco.

J. A. Root has been added to the staff that is currently at the Republican county headquarters in this city. It is stated that the keeping open of the rooms from 7 to 8 o'clock each evening for the purpose of registering voters has not yet produced any results, no one having yet chosen that hour in which to get on the register.

MIKE O'KEEFE MUST SERVE THREE MONTHS

Two Young Girls in Police Court; Harpin May Be a Bad One.

A dozen cases were argued in Judge Bradford's court yesterday. Mike O'Keefe, arrested at Wednesday night for disturbing the peace of a neighborhood, received a sentence of ninety days in jail.

Young Harpin, arrested with Francis Miller on a charge of carrying a loaded gun, and received a sentence of ninety days in jail. The girl and Miller were released under a \$5000 bond.

The police believe that Harpin is wanted in Stockton for passing bogus checks, as he answers the description of the man wanted by the City of Stockton. He is believed to have entered a room of not quite a change of name, Bradford was returned to jail.

An Indian who said his whole name was "Indian John" paid a fine of \$5 for drunkenness and William Hogan, a switchman, took a day for the same offense. John O'Keefe, a No. 1 road on the coast, was released on the streets. Ten days was the result.

WESTERN PACIFIC CUTS GREEN FRUIT SCHEDULE

Six Day Service to Chicago Announced by Freight Traffic Manager.

A cutting down of the green fruit train schedule for the East to practically six day service in Chicago, was announced yesterday by H. M. Adams, freight traffic manager of the Western Pacific, who is on his first general trip of inspection in the valley. Mr. Adams had a conference yesterday with T. R. Pence, E. Broadhead, the local agent, and will proceed north this morning to his offices in San Francisco.

"At least as far as the Western Pacific is concerned," stated Mr. Adams last night, "the time competition between the railroads is absolutely long, and not due to any agitation in regard to the roads. While we have no roads into the valley now, we have a schedule of pulling on the morning of the sixth day, at Chicago markets on Sacramento shipments. We have arranged so that shipments can be sent out of Sacramento the morning after that are packed in the valley here, so it constitutes a six day service from the ranch to the selling point. In dried fruits and other non-perishable shipments, we will maintain an eight-day service to Chicago, and a ten day service to the Atlantic seaboard.

"I have not heard of any intention of the Western Pacific to extend their lines further south. While we have not our own line all the way east, we ship through by way of the Denver and Rio Grande.

"This is my first trip here. I understand that your fruit crops are somewhat short, and that the business in dried fruits, etc., between Stockton and Bakersfield amounts to about 100,000 tons. In spite of the fact that the crop is short, the amount of dried fruit here is a revelation to any from another part of the country. I never saw so much of it before in my life, and the sight of the industry is an eye opener to a stranger."

Mr. Adams formerly was connected with the Portland, Spokane and Seattle Company, and took up his present position last July.

Something New In Men's Hats

Soft hats are much sought after this year—and the styles we show will be very popular—For good hats of all kinds this is the right store, right because the styles are correct—right because we price our hats from 50c to \$1.00 lower than any other store in Fresno—This isn't idle prattle either—hundreds know it—but with some men savings are not an object, but to those men who like to get the same goods for less they always come to Kutner's.

Telescope hats in the latest styles, made in good quality felt, flat brim; 1 1/4 inches wide; height of crown 3 inches; colors in tan and gray. \$2.50
